Subject: FW: K9 Accident information from Ray Irizarry

It is with a heavy heart that I write this note to all of you.

Lori Tocke's K-9, Lt. Winters, died on Friday June 4, 2010 as a result of an accident during K-9 Component team training. Winter's was in the process of doing a search problem, looking for a victim in the IHop section of the rubble pile when the accident occurred. A piece of concrete reinforcing wire punctured his chest cavity causing massive internal bleeding. He did finish the search problem and found the victim after he was injured. He was quickly taken to Bay-Beach Veterinary Hospital and Team Dr. Mark Honaker, where he died shortly afterwards. Please remember that Win died doing what he loved and performed his job to the end.

Please keep Lori in your thoughts and prayers as she deals with this unfortunate event.

Respectfully,

Ray
