

FEMA

US&R GENERAL MEMORANDUM – 2015-073

July 16, 2015

FOR: National Urban Search & Rescue Response System
Task Force Representatives

FROM: Wanda Casey, Chief
Program Management Section
Urban Search and Rescue Branch *Wanda Casey*

SUBJECT: US&R General Memorandum 2015-073 – Office of Personnel Management Data Breach

As you may have heard, the U.S. Office of Personnel Management (OPM) has [announced](#) the results of the interagency forensics investigation into recent cyber incidents involving personnel data, and Federal background investigation data, and the steps it is taking to protect those impacted.

The most current information on this incident can be found at the OPM online incident resource center: <https://www.opm.gov/cybersecurity>. In the coming weeks, a call center will be opened to respond to questions and provide more information for those potentially affected. Once the call center is opened, National Urban Search & Rescue (US&R) Response System members will be able to receive personalized information if they are affected. OPM will also send notification directly to those potentially affected, with instructions for activating credit monitoring services.

The US&R Branch is coordinating with FEMA's Office of Chief Counsel and Grant Programs Directorate to address any potential issues.

For any questions or concerns, please contact Wanda Casey at wanda.casey@fema.dhs.gov.
