Cache Deploying & Returning

March 2019

Pharmaceutical Cache Deploying and Returning

ISSUE STATEMENT

- Provide guidelines and responsibility for VATF-2 Fema and Hospital Staff.
- Provide custodial chain for deploying and returning VA-TF2 and IST Pharmaceutical Cache.
- Provide custodial chain and procedures for documenting the Pharmaceutical Cache.

REQUIRED ACTIONS

- The Task Force and IST Load Plan will be utilizing when the pharmaceutical cache is deployed for any type of event.
- The Task Force and Load Plan provides a step by step process when deploying the Pharmaceutical Cache
- The Task Force and IST Load Plan provides custodial chain documentation which is vital for the use of Pharmaceutical Cache.
